LEARNING AT CHARFIELD

Last week Year 6 spent their week at Heatree Activity Centre in Dartmoor. From the moment we left the village hall the children represented themselves fantastically and our entire school should be extremely proud of them. The support and encouragement they showed each other through the week blew me away and at times brought a tear to my eye - they truly wanted to make sure each every one of their friends had the most amazing week away! I could not be any prouder of my Bumblebees!

Miss O'Sullivan.

*At Heatree, I realised that I had courage and resilience especially on the climbing tower. I would climb up to a certain point however have the courage and resilience to carry on and also I was the second person to go down the abseiling wall. I learnt to have fun however I learnt skills and facts that I wouldn't have ever been taught. Especially in the artery as I progressed in a few minutes. I saw this in everyone. That also reminds me. Heatree is about trust and friendship. You get put with people you wouldn't normally work or socialise with however it helps you and this one in a life time experience gives you benefit for your life in the future as you finally find out who you are. Heatree is magical!*

*My favourite part of this trip was Rock Scramble. This is because we really worked as a team and collaborated well. After doing this trip I think I am really confident this is from doing Rock Scramble. I was so scared at the start but my team really helped. All I was saying in my head was this is a one in a lifetime opportunity. I was worried before going but in the middle I was helping my friends with their worries. Before this trip I would had over reacted if I got muddy or cold but now I know this is everyday life at Heatree.*

CUGUC

A special request from **Clean Up Green Up Charfield**  
**Wanted**

**Green fingered helper or couple to look after the flower bed at the front of the school**

Our current helper has stepped down from gardening the front bed at the school and we are looking for someone to take over in order to keep the bed looking lovely. It receives lots of praise from passers by.

The hard work has been done as the site has been cleared and replanted over the last couple of years. It only takes a few hours each month and the site is in a great position to show off your green-fingered skills. Existing CUGUC team members would be very happy to help advise on what needs doing and the work can be done at times to suit you.
